DESCRIPTION

The pocket folding mirror made of natural cork with chrome metal finishes is an elegant and sustainable option to always carry with you. This mirror has a square and compact design, perfect to fit in bags, pockets or toiletry bags. The mirror is composed of two parts: a normal mirror and a magnifying mirror, which allows you to have different options when it comes to putting on make-up or fixing yourself up. The magnifying mirror gives you a magnified image for more precise detail. The natural cork used in the manufacture of the mirror is a sustainable and environmentally friendly material. In addition, the chrome-plated metal finish gives it a touch of elegance and durability.
